APATHY IN IOWA.

Democrats Concede the State to Republicans by 40,000.

DES MOINES, Nov. 4.-With the cold weather predicted for to-morrow it is the general opinion that the vote for the selection of State and Legislative officials will be small as compared with one year ago and even less than three years ago. There are five tickets in the field. Republican. Democrat. Populist. Prohibition and Socialist.

There has been no prominent issue before the State and the apathy that has existed from the start has continued to the end. Democrats concede that A. B.

HEWITT AND JEROME.

A Record of Their Distinguished Services in Making Plain the Issues of the Campaign-What Edward M. Shepard Stands For.

The electorate of this grand metropolis is confronted in this election with the opportunity and the duty of doing a service of the greatest importance to civic morality, to civic welfare, to

civic pride and to true democracy. In electing EDWARD M. SHEPARD Mayor:-

It will secure A WISE AND HONEST ADMINISTRA-TION by an executive of a higher standard of ability than has been offered in the candidates for many years.

It will assure to the city an era of continued and IN-CREASED MUNICIPAL PROSPERITY. It will REBUKE THE POLICY OF DEFAMATION that has been resorted to for partisan ends and indulged in with

utterly reckless disregard of the damage done to all of the moral and material interests of our people, It will show that FALSEHOOD, with INDISCRIMI-NATE VILIFICATION, cannot deceive an intelligent and

appreciative constituency. And it will FOREVER FORBID THE DISFRANCHISE. MENT OF THE MASSES of our citizens, the very suggestion of which is treason to our free institutions, but which is openly and boldly advocated by ex-Mayor Hewitt and others who are

marshalled in support of the candidacy of Seth Low. Read Mr. Shepard's wise and patriotic words on this

"I read with pain Mr. Hewitt's expression of belief that the time had come when universal suffrage ought to be abolished in municipal elections. I profoundly differ with him. I believe that in morality, in far-seeing wisdom and in a practical regard as to the welfare of the governed you can better trust the great masses of men than you can any class, no matter how select that class may be."

Mr. Hewitt's revelation is most timely. It is indisputable evidence of the tendency of the fusion which unites in a common purpose the aristocrats of the trust fostering Republican party and the aristocrats and pretentious reformers of the Citizens' Union. That common purpose is positively shown to be the strictly partisan one of defeating democracy and intrenching in its citadel the foes of the people.

Mr. Hewitt by his candor has emulated the service done by Mr. Jerome's unveracity in the matter of his wild attacks upon Senator Platt, Andrew Carnegie, William C. Whitney and others. Mr. Hewitt has shown to the voters the aim and purpose of the Republicans and their allies, and Mr. Jerome has disclosed the quality of the reckless and irresponsible falsehoods with which he has deluged a disgusted but patient community for four long and weary weeks.

In the light of these facts and on his own record and character, the voters of New York to-morrow will triumpla-
